

Oklahoma City Section

Patrons, Exhibitors and Supporters Schedule For the 2020 Green Tech Conference/Region 5 Business Meeting and Student Competitions April 1-5, 2020

The IEEE Oklahoma City Section is pleased to host the IEEE Green Technologies Conference, Region 5 student competitions, and support an Engineering Job Fair for students and IEEE members. Approximately 400 Engineers, Researchers, Innovators, and Engineering Students from around the world will be attending the 2020 IEEE Green Technologies Conference and IEEE Student Activities.

This 12th annual IEEE Green Technical Conference provides a forum for government, industry, and research experts to collaborate and present innovative approaches on future framework, plans, and technological solutions for moving towards a Green Technology Focus.

The academic papers presented at the IEEE Green Technologies Conference are judged on their quality, research, sustainable designs, and applications related to Green Technologies. The best papers shall be included in the conference proceeding then published in IEEE Explore.

In addition to renewables, Green Technology topics include:

- Energy Generation, Storage, Management, Conservation, and Usage Reduction
- Smart Grids, Systems, Cities, Villages, and Infrastructures
- Sustainable IT Computing and Software Engineering
- Biomedical and Biotechnology Solutions
- Radar/Weather Forecasting, Planning, and Engineering for Wind and Solar Solutions

The Job fair will occur Friday and is targeted towards the Region 5 student participants, and local students and members. This is a great opportunity for companies to mingle with the best and brightest students for their internship and employee needs.

The IEEE Region 5 Saturday meeting consists of an administrative meeting of IEEE Region 5 volunteers, as well as training and educational activities interspersed with contests for Undergraduate students (Paper, Robotics, Ethics and a Circuit Design).

IEEE Region 5 consists of Oklahoma, Texas, Louisiana, Arkansas, Missouri, Colorado, and parts of Wyoming, New Mexico, South Dakota, Nebraska, and Illinois.

I thank you very much for your kind consideration to participate as a **Patron, Exhibitor, or Supporter**. If you make a contribution, we will make it known to our attendees.

Our organization, the IEEE is a non-profit 501(c) (3) organization. For additional information on the conferences contact any of the following individuals.

Sincerely,

Robert Scolli r.scolli@ieee.org
2020 IEEE Green Tech General Chair

Table/Exhibit Spaces

Lanyard (exclusive)

1- \$1500

Sponsor lanyards to hold the badges for all attendees. Your logo will be placed on the lanyard.

Wi-Fi (exclusive)

1- \$1500

Recognition in Conference program

Region 5 Student Competition and Leadership support

\$10,000

25 to 35 Universities participate in Regional Activities; amounts will support Student and Student Advisor registration and allow for greatly reduced student registration. Special recognition will be given on the registration page for a sponsor that provides this support and will be given the option to give an introduction to the students prior to the student leadership training. Gifts are also accepted for additional awards for Students competitions under 'In-Kind Sponsorship' below. A \$10,000 donation allows us to reduce 250 student registrations by \$40 and would place a sponsor as a Gold Supporter.

Region 5 Student Competition and Leadership support

_____ (any sponsorship of student activities is greatly appreciated)

IN-KIND SPONSORSHIP

I/My Company would like to provide the following items to IEEE Green Tech, R5 Meeting or Student Competitions
