

PRELIMINARY CALL FOR PAPERS AND PROPOSALS

2019 Green Technologies Conference

Lafayette, Louisiana

April 4-5, 2019

IEEE-USA, IEEE Region 5, IEEE Lafayette Section and the University of Louisiana at Lafayette are pleased to host the 11th annual Green Technologies Conference. The 2019 Green Technologies Conference will provide a forum for engineers, government, industry and researchers to collaborate and present innovative approaches on future framework, plans and new technological solutions toward sustainable communities of the future. Papers describing innovative partnerships and collaboration are welcome. Proposals for seminars and special sessions are encouraged.

Conference Topics

- Energy Generation and Storage
- Energy Usage Reduction and Conservation
- Architectural and Engineering Sustainable Designs
- Environmental, Legal, Social, Economic and Political Impacts
- Renewable Energy Supply
- Smart Grids
- Smart Cities
- Transportation
- Consumer Oriented Innovation
- Demand Control
- Building
- Smart Village

Technical Program:

The technical program includes technical paper sessions, poster paper sessions, seminars, tutorials and workshops. Papers presented in the technical program will be published in the conference proceedings and IEEE Xplore. Authors of accepted papers are expected to register in the conference and present their papers.

Industry Program:

The industry program provides opportunities for the practicing industry professionals, government employees and regulators to share the latest ideas, trends, product innovations and best of practices in the broader Green Technologies and smart cities fields. The program includes executive forums, industry panel sessions, presentations, seminars, workshops/tutorials and industry demonstrations and exhibitions.

Papers to be submitted through the conference website: ieeegreentech.org

Deadlines:

Paper Submissions: **November 5, 2018**

Author Notification: **December 15, 2018**

Camera Ready and Registration: **January 11, 2018**

Technical Program Proposals: **November 5, 2018**

Industrial Program Proposals: **January 11, 2019**

Send proposals to: Magdy Bayoumi, PhD

Please contact any of the names below if you have any question.

General Chair: **David J Pierce** (d.pierce@ieee.org)

Technical Conference Chair: **Mark Zappi, PhD**

Technical Program Chair: **Magdy Bayoumi, PhD**
